

11th – 15th March

Focus of the week: Flash Cards

Top tips:

- Use different colours for different subjects
- One question per flash card
- Shuffle and mix up your flash cards. Visit them over time (spacing)

Summary: How to create flash cards

1.

Identify knowledge

What are you creating flash cards on?

Do you have your knowledge organizer?

Use your book to look at previous misconceptions from whole class feedback.

2.

Colour coding

Use different coloured flash cards for different topics. This helps with organization NOT recall

3.

Designing

1 Question per flashcard.

Making them concise and clear.

Use a one word prompt, so that you can recall as much as you can.

No extended answer questions.

Number your flash cards for self quizzing.

4.

Using

Write your answers down, then check. Or say your answers out loud. This really clearly shows the gaps in your knowledge.

Do not just copy & re-read.

Shuffle the cards each time you use them.

Use the Leitner system to use flash cards everyday.

5.

Feedback

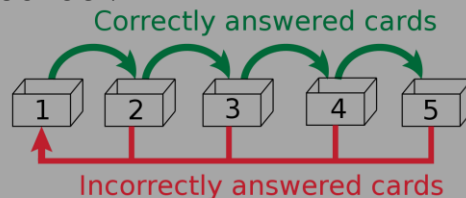

How have you performed when you look back at your answers?

Is there anything you need to revisit in more detail?

Is your knowledge secure? If so, move onto applying knowledge in that area in specific extended exam questions.

How to use flashcards

1. **Read the question** on your flash card
2. **Write your answer** down
3. Move onto the **next** card
4. **Repeat** steps 1-3
5. **Mark** your answers – **highlight** any answers you got incorrect.

What's on this week?

Day	Date	Subject	Room	Staff	Topic
1	18/03/2024	French	L4	GBA	Speaking practice
		Film	E2L C	NCO	District 9
		Art	A1		Drop in

		History	H5	CLA	Stalin's USSR
Geography	H2	MGR	Paper 1 - Ecosystems		
4	21/03/2024	Home study/revision			
5	22/03/2024	Home study/revision			

All of the information on revision can be found on the website by following this link:

Easter Revision

The holidays are a great time to relax, but it is also the perfect opportunity to really drive home your revision.

Study sessions will be on in school from Monday 25th March – Thursday 28th March.

The sessions are a mixture of targeted invite only sessions, and sessions which are open to all.

All sessions must be signed up for. Please look out for an email about how to sign up.

Day - session 1 10am until 12	Monday 25.3.24	Tuesday 26.3.24	Wednesday 27.3.24	Thursday 28.3.24
Subject	Maths	English Maths	Computer Science Science Resistant Materials Graphics Textiles Food Technology	History Geography
Session contents	Targeted sessions - invite only.	Targeted sessions - invite only.	Science Skills for students working at grade 4 and 5. DT - NEA work - Open session.
