

Parent / Guardian

### Ashby School bus passes

A letter was recently sent to parents / guardians by Ashby School in regards to the changes taking place in eligibility of students for places at the School and in particular for home to school transport.

For those parents / guardians whose children will not be eligible for free transport, Ashby School has asked Roberts Travel Group to provide a commercial option for students travelling to and from the school. Due to data protection, we are unable to directly contact those parents as it is not possible for either the school or Leicestershire County Council to forward your details to us. However, you can go onto our website from Easter (mid-April) to book spaces at;

- [www.robertstravelgroup.co.uk](http://www.robertstravelgroup.co.uk)
- Select the tab "Bus and School Services"
- Select "Roberts School Routes"
- Click on the Ashby School icon for a list of all the routes available
- Click to select your route and complete the application.

The process is simple and you have a choice of payments from 1 single payment up to 10 payments for those booking before the middle of June when the first payments are due and they continue to March 2018 when the last payment will be taken.

We look forward to hearing from you.

Regards

Jonathan Hunt  
Managing Director
