

### Ashby Sixth Form A Level Results Day

We are extremely proud to celebrate our student's results, which have seen a further improvement from last year. The average grade per entry is up and the average UCAS points per student has also increased. Our students' hard work, determination, ambition and resilience has led to some amazing results, and we are proud of each and every one of them and the exciting future pathways they are starting.

We would like to celebrate our highest attaining student, Sam Hill, who received 3 A\* and an A. Sam was delighted to have done so well and told us "I'm going to Bristol to do Maths with a Foreign Language and I'm hoping to do a year abroad. Tonight, I will go out and celebrate with friends".

Some of our students have shared how they're feeling and what they will be studying at University.

Liam Riddick, who had the best progress made by a student and received 3 A\* grades – "I'm really happy, it's been an experience and so it's great to have all my work lead to these results. I'm going to Loughborough University to study Automotive Engineering."

Freya Bryant-Brown- "I got an unconditional offer to Nottingham to study design for Film & TV. I'm happy with my results. I'm nervous about Nottingham but I'm excited I get to do something I really enjoy. It will be a learning curve but once I've been there a few weeks I think I will be fine."

Josh Ford received 3 A\*s and a C – "I'm going to Warwick University to study Maths & Physics. I'm really happy, it's great to know I have nothing to worry about and all my hard work paid off. All my studying has led to something, and it's worked out."

Bella Ryan received 2 A's and 1 B – "I'm really happy with my grades, I'm going to Newcastle to study Business Management."
