

Dear Students and Parents/Carers

Re: Year 7 Careers Event – Guess My Job

On Tuesday 21st April, we are pleased to announce that Year 7 will be having employers visit the school as part of our 'Guess my Job' Careers event. This is run with the support of the Educational Charity – LEBC.

This event is a great introduction into different careers for Year 7 students. Students will meet several professionals and have to guess what their job is purely through asking Yes/No questions - drawing upon their communication and problem-solving skills. This event allows students to have a fun first impression of the World of Work, allowing their personalities and inquisitive natures to shine through whilst also finding out lots about the opportunities available to them.

Hopefully, students will be eager to share with you what they learn during this valuable activity.

Kind regards

The Careers Team
