

Dear Parents/Carers,

Further to our previous communication introducing our role as Raising Standards Leaders, ahead of the upcoming parents' evening, we encourage you and your child to use the review sheet [here](#), during your discussions with subject teachers.

The aim of this is to identify what is working well (WWW) in each subject and what could be Even Better If (EBI) to reflect on progress and identify targets moving forward.

We will provide hard copies of this to all students via their CREW Leaders in CREW time this week. Please ensure students bring this back into school with them on Friday so that we can incorporate this feedback and reflection into the students' overall reflection and goal setting as the term progresses.

Kind regards,

The Raising Standards Leaders
